

RR 212H – Chain Suspension (Ceiling Rigging) – Component Layout

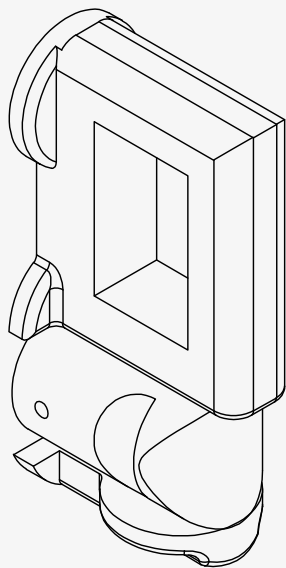

The illustration above displays the ceiling mounting arrangement for the RR212H loudspeaker and identifies the essential hardware supplied.

Components

- FYX Assembly:
- Safety Chain with S-Hooks (user-supplied)
- RR15H Loudspeaker

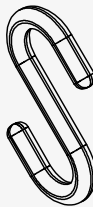

RR 212H Chain Suspension (Ceiling Rigging)

FYX

CHAIN

S- HOOK

Application Guidance

- o Install FYX into the loudspeaker as shown in the diagram.
- o Using strong and rated chains and S-hooks suspend loudspeaker ensuring even load distribution.
- o Inspect suspension hardware before operation.

Caution: Suspending a loudspeaker is a skilled job and needs a properly trained technician to undertake the installation ensuring all safety norms are adhered to as per your local authorities and laws.

This configuration ensures a stable, secure, and standards-compliant chain suspension for the RR 212H loudspeaker, showing all hardware placement and component relationships clearly.
