

CONTRABASS SERIES CR 210s

Engineered for Impact: Experience Bass Like Never Before!

The CR 210s is a dual 10" (2 × 254 mm) reflex-loaded subwoofer that combines powerful bass performance with a compact, discreet footprint.

Despite its size, it delivers extended, impactful low-frequency output, making it suitable for homes, lounges, and small venues. Its versatile design allows mounting on walls, ceilings, or even integration as

functional furniture, such as a corner table.

When used in multiples, it covers larger spaces with consistent performance. Best paired with CSC tops like ST 23, ST 43, CF 5, and CC 8, it creates seamless full-range systems. With its stylish, low-visibility enclosure, the CR 210s is the perfect fit where maximum bass and minimal visual impact are required.

KEY FEATURES

- Compact, high-performance, reflex-loaded dual 10" (254 mm) sub-woofer
- Fast, integral wall/ceiling mounting clamp
- Easy to install
- Can retrofit into existing venues
- Less than 9" tall, can easily go under stairway

SYSTEM APPLICATIONS

- Restaurants
- A/V spaces
- Conference rooms
- Bars and lounges
- Gyms
- Homes
